Investments in shares are for the long term. The value of your investment and the income derived from it can go down as well as up and you may get back less than you originally invested.

If you are in any doubt about purchasing shares, you should consult an independent financial advisor authorised under the Financial Services and Markets Act 2000.

This financial promotion has been approved by SPARK Advisory Partners Limited (“SAPL”) under s21 of the Financial Services and Markets Act. SAPL is authorised and regulated by the Financial Conduct Authority.

SAPL makes no recommendation as to the suitability of shares in PFK plc as an investment. Don't invest unless you're prepared to lose all the money you invest. This is a high risk investment and you are unlikely to be protected if something goes wrong.
